

My Visit to Children's Dental Center

Today, I am going to the dentist.
My family and I will walk into either Building 1 or
Building 2 for my dental visit today.

I will check in at the front desk and have a seat in the
waiting room. There are toys for me to play with.

When my name is called, I will walk through a door with my helper.

I will walk by rows of big chairs. One will be mine to sit in.

Children's Dental Center

My big chair will move and lean back. I will sit still so the dentist and helper can look at my teeth.

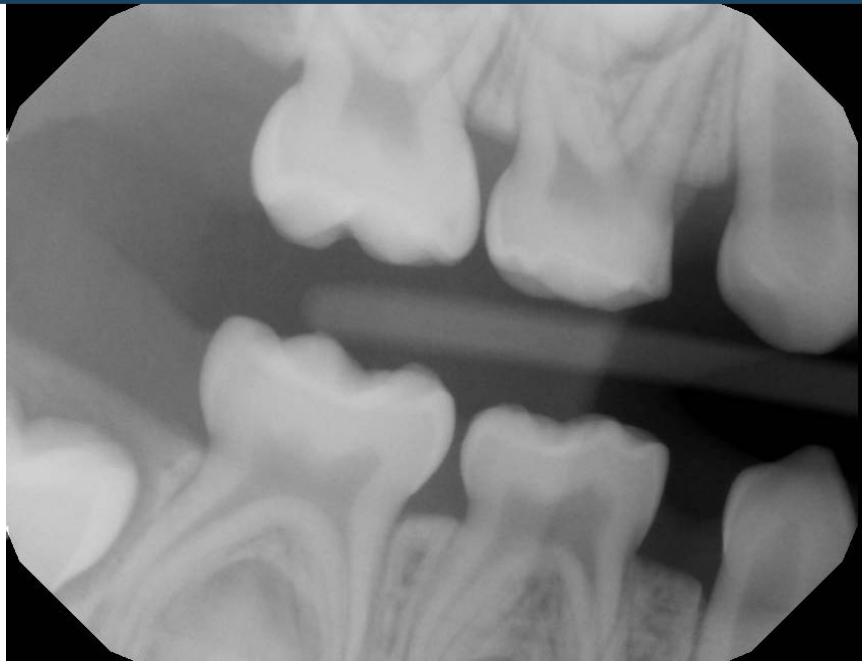

My dentist and helper will wear a mask, gloves and glasses to look at my teeth.

The dentist will check my teeth with special instruments.

My helper will take x-rays of my teeth. This is a picture that checks for cavities in between my teeth.

I will help my dentist by opening my mouth wide.
The dentist helps keep my teeth clean and healthy.

I did a great job, and now
it's time to leave.
